This Spring, let us help your charitable organisation to **GROW**

specialist support services for health charities

Executive Business Support Ltd

has been providing support services to healthcare organisations for almost 20 years. We have successfully extended our service provision to charities operating in the healthcare arena. Our contribution has actively led to the growth of our charity clients who have seen increased income and productivity. But don't just take our word for it! Read on to learn how our support has helped the Pulmonary Fibrosis Trust...

The Pulmonary Fibrosis Trust (PF Trust) approached EBS for extra help at the beginning of 2017 and since doing so, haven't looked back. Peter Bryce (Chair of Trustees) recently wrote:

"I know what we do is not recognised outside, but it means so much to know we have provided help to someone, who otherwise would not get better support. Please share this with your colleagues at EBS as we are all part of the same team. It is obvious that the team do not just see their support as a job, it is far more than that and without it, we would not be able to do what we are doing. So this thank you, is for everyone at EBS."

The PF Trust's growth and direct contribution to patient support, resulted in them being shortlisted for the Chartered Institute of Credit Management's Corporate Social Responsibility award. The recognition the Trust has gained in order for this to happen, is testament to the progress the Trust has made since employing the services of EBS.

Our charity service provision

"small acorns grow mighty oaks"

We believe in starting small and building steady growth. Our support services will help your charity to build a strong future. No matter how big or small, we always provide the same high standard of honest service across all our clients.

Our charity support services include:

Trustee administrative support

Supporter, member and patient enquiry handling

Donation processing, banking and acknowledging

Merchandise orders and distribution

Gift aid processing and submission

Marketing and social media

Event management and support

IT and website services

Helpdesk management
